EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. RESOLUTION 1 – APPROVAL FOR DISPOSAL OF HIDDEN BAY PROJECT

1.1 Overview of the Company

The Company (then Lafayette Mining NL) was admitted to the Official List of the ASX on 29 August 1997. The Company is a mineral exploration company with a diversified portfolio focused on discovering and developing minerals in Australia and internationally. In recent years, the Company's portfolio has included interests in projects prospective for gold, gold-antimony, uranium and copper across jurisdictions including Australia, Peru and Canada.

The Company's primary focus continues to be mineral exploration and the examination of new resource opportunities. In addition to the Company's Hidden Bay Uranium Project (being the subject of this Resolution) the Company holds interests in the following:

- (a) 100% interest in the Springfield Gold Deposit (NSW, Australia);
- (b) 100% interest in both the Kookabookra and Rockvale Gold-Antimony Projects (NSW, Australia);
- (c) 100% interest in the Cluff Lake Uranium Project (Canada), which is subject to Mustang Energy Corporation's (CSE:MEC) (**Mustang**) option to earn up to an 80% interest in the project;
- (d) 80% interest in the Hook Lake Uranium Project (Saskatchewan, Canada);
- (e) 100% interest in the Surprise Creek Uranium Project (Saskatchewan, Canada), which is subject to Mustang's option to earn up to an 80% interest in the project;
- (f) 100% interest in the Beatty River Uranium and Heavy Rare Earths Project (Saskatchewan, Canada); and
- (g) 1% Net Smelter Royalty in both the Charaque and Picha Copper-Silver Projects (Peru),

(together, the **Existing Projects**).

The Company's Hidden Bay Uranium Project (being the subject of Resolution 1), comprises Canadian Mineral Claim MC00014093 (**Hidden Bay Project**), and is held by the Company's wholly owned subsidiary 1255004 B.C. LTD.

Recent activities undertaken by the Company include:

- (a) **Rockvale and Kookabookra Gold-Antimony Projects (NSW):** On 13 November 2024, the Company announced a binding agreement to acquire 100% of Kooky Resources Pty Ltd, which holds EL9053 and EL9147 comprising the Rockvale and Kookabookra projects in the New England Orogen, NSW. The commencement of on-ground exploration at the projects was announced on 31 March 2025, with reconnaissance and sampling across priority areas returning high-grade gold and antimony results from rock chip/grab sampling. Further sampling campaigns at Kookabookra during 2025 continued to generate high-grade results and helped define additional target areas for follow-up exploration. At Rockvale, the Company reported commencement of a systematic soil sampling program (including over the Achill prospect) in November 2025.
- (b) **Springfield Gold Deposit (NSW):** On 22 September 2025, the Company announced it had entered a binding agreement to acquire 100% of LM2 Metals Pty Ltd, which holds a 100% interest in the Springfield Gold Deposit in central NSW. Completion of the acquisition was announced on 27 November 2025. As announced on 6 February 2026, the Company intends commencing a maiden 3,000m-4,000m drilling at the Springfield Gold Deposit in late February 2026.

- (c) **Surprise Creek Uranium Project (Canada):** In September 2025 the Company's joint venture partner Mustang commenced a 2,000m diamond core drilling program at the Surprise Creek Uranium-Copper Project in the Athabasca Basin in Canada. Refer to the Company's quarterly report dated 30 January 2026 for further details.
- (d) **Cluff Lake North Uranium Project:** As reported in the Company's 2025 Annual Report, an interpretation of data acquired from a MobileMT airborne magnetotelluric survey was finalised in October 2024, delineating several basement conductors, which are potential pathways for uranium mineralising fluids and defining three high-priority drill target areas. In June 2025, the Company entered into a binding option agreement with Mustang under which Mustang can acquire up to an 80% interest in the Cluff Lake North Uranium Project. Upon execution of the agreement Mustang became the operator of the Project.

Following a review by the Company's new technical team in late 2025, no further exploration activity was planned for the Hidden Bay Project. Given the prospectivity of the Company's other exploration assets, the Company determined that the Hidden Bay Project should be considered a non-core asset and that alternatives to divest the asset should be explored.

Further details in respect of the Existing Projects and Hidden Bay Project are set out in the Company's quarterly report released to ASX on 30 January 2026.

1.2 Overview of the Disposal

On 16 February 2026, the Company announced that it had entered into a binding Asset Sale Agreement (**Sale Agreement**) to dispose of its 100% owned Hidden Bay Project to Powerhaus Uranium Limited (ACN 677 179 298) (**Powerhaus**), an unrelated party of the Company (the **Disposal**).

Consideration

Pursuant to the Sale Agreement, the Company will receive the following consideration on settlement of the Disposal:

- (a) a cash payment of \$50,000;
- (b) 1,200,000 fully paid ordinary shares in the capital of the Powerhaus at a deemed issue price of \$0.20 per share; and
- (c) a royalty of 2% on the sale of any uranium products from the Hidden Bay Project, (together, the **Consideration**).

Conditions Precedent

The Disposal is conditional on the passing of Resolution 1, in addition to the following outstanding condition precedents:

- (d) the completion of technical, financial and legal due diligence by Powerhaus on the Hidden Bay Project, to its satisfaction; and
- (e) Powerhaus successfully conducting an initial public offer and being admitted to the Official List of the ASX.

1.3 Listing Rule 11.4

ASX Listing Rule 11.4(a) provides that an entity must not dispose of a major asset if, at the time of the disposal, it is aware that the person acquiring the asset intends to issue or offer securities with a view to becoming listed.

Under Listing Rule 11.4, a listed company can only dispose of a major asset if:

- (a) the securities in the company acquiring the major asset (other than those being retained by the company) are being offered, issued or transferred pro rata to the holders of the shares in the company, or in another way, that in ASX's opinion is fair in all the circumstances; or
- (b) the company's shareholders approve the disposal.

ASX has confirmed that the Hidden Bay Project represents a "major asset" of the Company for the purposes of Listing Rule 11.4. As Powerhaus is acquiring the Hidden Bay Project for the purposes of a proposed listing on the ASX, the Disposal is regarded as a non-standard partial spin-out of a major asset for these purposes and paragraph (a) above does not apply, and therefore it is a requirement for the Disposal to be approved by the Shareholders of the Company under paragraph (b) above.

The Company is seeking such approval under and for the purposes of Listing Rule 11.4 pursuant to Resolution 1.

1.4 Listing Rule 14.1A

If Resolution 1 is passed, the Company will be able to proceed with the Disposal and continue to focus on its Existing Projects, as well as exploring new projects with the aim of delivering value to its Shareholders.

If Resolution 1 is not passed, the Conditions Precedent to the Sale Agreement will not be satisfied and the Company will not be able to proceed with the Disposal. The Company will continue to hold its interests in the Hidden Bay Project and continue to investigate opportunities to obtain value from the Hidden Bay Project, which may include considering an alternative agreement to dispose of the asset.

1.5 Major Asset and Consideration for Assets

In accordance with Guidance Note 13, ASX will regard an asset to be a major asset if:

- (a) its disposal will result in a decrease of 25% or more in any one of consolidated total assets, consolidated total equity interests, consolidated annual revenue or, in the case of a mining exploration entity, oil and gas exploration entity or other entity that is not earning material revenue from operations, consolidated annual expenditure, consolidated EBITDA or consolidated annual profit before tax; or
- (b) the value of the consideration received by the listed entity and its security holders for disposing of the asset exceeds 25% of its consolidated total assets.

ASX has confirmed to the Company that the Hidden Bay Project comprises a major asset for the purposes of Guidance Note 13.

1.6 Value of the Hidden Bay Project

The carrying value of the Hidden Bay Project in the audited financial statements of the Company for the financial year ended 30 June 2025 was \$2,244,430.

The carrying value of the Hidden Bay Project based on the Company's latest unaudited financial statements (being for the period ended 31 December 2025) is now \$290,000, which is the Board's estimate of the Hidden Bay Project's current value.

As the Hidden Bay Project is an exploration asset, the Company has not earned any revenue from the Hidden Bay Project.

1.7 Impact of the Disposal on the Company

The pro-forma statement of the financial position of the Company showing the financial effect of the Disposal on the Company as at 30 June 2025 is set out in Schedule 1.

The Disposal will:

- (a) enable the Company to focus its management and financial resources on exploration at the Company's 100% owned Rockvale and Kookabookra Projects and the Springfield Gold Deposit;
- (b) not impact the capital structure of the Company;
- (c) not have a dilutionary effect on Shareholders; and
- (d) not result in any changes to the Board or the Company name.

Shareholders will not be impacted by the Disposal other than to the extent of the Company's divestment of the Hidden Bay Project.

The Company confirms that there will be no impact on annual expenditure as a result of the Disposal, given no further activity is currently planned at the Hidden Bay Project.

No significant taxation ramifications are anticipated as a result of the Disposal.

1.8 Indicative Timetable

The timetable below is a summary of the indicative dates relevant to the Disposal:

Event	Date*
Execution of Sale Agreement	16 February 2026
ASX Announcement of Disposal	16 February 2026

**The above dates are indicative only and may change without notice.*

1.9 Advantages of the Disposal

The Directors believe that the following non-exhaustive list of advantages may be relevant to a Shareholder's decision on how to vote on Resolution 1 for the following reasons:

- (a) the Company considers the Hidden Bay Project to be non-core to its strategic objectives;
- (b) the Disposal will provide the Company with an additional \$50,000 in cash and opportunity to raise additional funds from the sale of its shareholding in Powerhaus (following its listing on ASX), which can be directed towards exploration on its Existing Projects;
- (c) the Company will retain an indirect interest in the Hidden Bay Project by virtue of its shareholding in Powerhaus (following its listing on the ASX) and the uranium royalty, which may generate further value for Shareholders; and
- (d) the Company may consider further asset acquisitions in the exploration and development space.

1.10 Disadvantages of the Disposal

The Directors believe that the following non-exhaustive list of disadvantages may be relevant to a Shareholder's decision on how to vote on Resolution 1:

- (a) the proposed Disposal involves the Company reducing its interest in an asset, which may not be consistent with the investment objectives of all Shareholders;
- (b) there is no guarantee that the market in Powerhaus shares upon admission to the ASX will be liquid should the Company wish to realise its returns from the issue of the shares in the future; and
- (c) there is no guarantee that, for reasons outside of the Company's control, the Disposal will proceed to completion.

1.11 Information required by ASX Guidance Note 13

In relation to Resolution 1, the Company provides the following information in compliance with ASX Guidance Note 13:

- (a) the name of the 'spin-out vehicle' is Powerhaus Uranium Limited as set out in Section 1.2;
- (b) as at the date of this Notice, Powerhaus' securities on issue comprise 35,913,751 fully paid ordinary shares;

- (c) Powerhaus has not yet finalised the terms of its proposed listing on the ASX, including the proposed number of securities to be issued and the proposed issue price;
- (d) it is not anticipated that there will be a priority offer to the Company's shareholders in connection with Powerhaus' proposed listing on the ASX;
- (e) how the Disposal is intended to be effected (including details of consideration securities, participation and timetable) are set out in Sections 1.2, 1.3 and 1.8;
- (f) information regarding the assets being disposed (including asset description and valuations) is set out in Sections 1.1, 1.5 and 1.6;
- (g) the financial impact of the Disposal is shown in the pro-forma balance sheet included in Schedule 1 of this Notice and Section 1.5;
- (h) the impact the Disposal will have on Shareholders is set out in Section 1.7;
- (i) the reasons why the Directors consider that effecting the Disposal, without an offer, issue or transfer referred to in Listing Rule 11.4.1(a) being made, is in the interest of the Company and Shareholders are set out in Sections 1.9 and 1.10;
- (j) the material terms of the Sale Agreement are set out in Section 1.2; and
- (k) a voting exclusion statement is included within the Notice.

1.12 Board recommendation

Other than in their capacities as Shareholders, none of the Board has any additional interest in the outcome of Resolution 1.

The Board has approved the proposal to put Resolution 1 to Shareholders.

Based on the information available, all Directors consider that the proposed Disposal of the Hidden Bay Project is in the best interests of the Company and the Shareholders and recommend that Shareholders vote in favour of Resolution 1.

2. RESOLUTIONS 2 AND 3 – APPROVAL TO ISSUE PERFORMANCE RIGHTS TO DIRECTORS

2.2 Chapter 2E of the Corporations Act

Chapter 2E of the Corporations Act requires that for a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- (a) obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- (b) give the benefit within 15 months following such approval,

unless the giving of the financial benefit falls within an exception set out in sections 210 to 216 of the Corporations Act.

The issue constitutes giving a financial benefit and Mr Funston and Mr Billingsley (together, the **Related Parties**) are each a related party of the Company by virtue of being a Director.

The Directors (other than the Related Parties) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue, because the agreement to issue the Performance Rights, reached as part of the remuneration package for the Related Parties, is considered reasonable remuneration in the circumstances and was negotiated on an arm's length basis.

2.3 Listing Rule 10.14

Listing Rule 10.14 provides that an entity must not permit any of the following persons to acquire equity securities under an employee incentive scheme without the approval of the holders of its ordinary securities:

- 10.14.1 a director of the entity;
- 10.14.2 an associate of a director of the entity; or
- 10.14.3 a person whose relationship with the entity or a person referred to in Listing Rules 10.14.1 to 10.14.2 is such that, in ASX's opinion, the acquisition should be approved by security holders.

The issues fall within Listing Rule 10.14.1 and therefore requires the approval of Shareholders under Listing Rule 10.14.

2.4 Technical information required by Listing Rule 14.1A

If these Resolutions are passed, the Company will be able to proceed with the issues within 3 months after the date of the Meeting. As approval pursuant to Listing Rule 7.1 is not required for the issues (because approval is being obtained under Listing Rule 10.14), the issues will not use up any of the Company's 15% annual placement capacity.

If these Resolutions are not passed, the Company will not be able to proceed with the issues and will be required to negotiate alternative means to appropriately remunerate and incentivise the Related Parties.

SCHEDULE 3 – TERMS AND CONDITIONS OF PLAN

The following is a summary of the material terms and conditions of the Plan (hereinafter referred to as Plan):

1. **(Eligible Participant)**: Eligible Participant means a person that has been determined by the Board to be eligible to participate in the Plan from time to time and is an “ESS participant” (as that term is defined in Division 1A) in relation to the Company or an associated entity of the Company. This relevantly includes, amongst others:
 - (a) an employee or director of the Company or an individual who provides services to the Company;
 - (b) an employee or director of an associated entity of the Company or an individual who provides services to such an associated entity;
 - (c) a prospective person to whom paragraphs (a) or (b) apply;
 - (d) a person prescribed by the relevant regulations for such purposes; or
 - (e) certain related persons on behalf of the participants described in paragraphs (a) to (d) (inclusive).

2. **(Maximum allocation)** The Company must not make an offer of Securities under the Plan in respect of which monetary consideration is payable (either upfront, or on exercise of convertible securities) where:
 - (a) the total number of Plan Shares (as defined in paragraph 13 below) that may be issued or acquired upon exercise of the convertible securities offered; plus
 - (b) the total number of Plan Shares issued or that may be issued as a result of offers made under the Plan at any time during the previous 3-year period,would exceed 5% of the total number of Shares on issue at the date of the offer or such other limit as may be specified by the relevant regulations or the Company’s Constitution from time to time.

The maximum number of equity securities proposed to be issued under the Plan for the purposes of Listing Rule 7.2, Exception 13 will be as approved by Shareholders from time to time (**ASX Limit**). This means that, subject to the following paragraph, the Company may issue up to the ASX Limit under the Plan without seeking Shareholder approval and without reducing its placement capacity under Listing Rule 7.1.

The Company will require prior Shareholder approval for the acquisition of equity securities under the Plan to Directors, their associates and any other person whose relationship with the Company or a Director or a Director’s associate is such that, in ASX’s opinion, the acquisition should be approved by Shareholders. The issue of Securities with Shareholder approval will not count towards the ASX Limit.

3. **(Purpose)**: The purpose of the Plan is to:
 - (a) assist in the reward, retention and motivation of Eligible Participants;
 - (b) link the reward of Eligible Participants to Shareholder value creation; and
 - (c) align the interests of Eligible Participants with shareholders of the Group (being the Company and each of its Associated Bodies Corporate), by providing an opportunity to Eligible Participants to receive an equity interest in the Company in the form of Securities.

4. **(Plan administration)**: The Plan will be administered by the Board. The Board may exercise any power or discretion conferred on it by the Plan rules in its sole and absolute discretion, subject to compliance with applicable laws and the Listing Rules. The Board may delegate its powers and discretion.

5. **(Eligibility, invitation and application):** The Board may from time to time determine that an Eligible Participant may participate in the Plan and make an invitation to that Eligible Participant to apply for Securities on such terms and conditions as the Board decides. An invitation issued under the Plan will comply with the disclosure obligations pursuant to Division 1A.

On receipt of an invitation, an Eligible Participant may apply for the Securities the subject of the invitation by sending a completed application form to the Company. The Board may accept an application from an Eligible Participant in whole or in part. If an Eligible Participant is permitted in the invitation, the Eligible Participant may, by notice in writing to the Board, nominate a party in whose favour the Eligible Participant wishes to renounce the invitation.

A waiting period of at least 14 days will apply to acquisitions of Securities for monetary consideration as required by the provisions of Division 1A.

6. **(Grant of Securities):** The Company will, to the extent that it has accepted a duly completed application, grant the successful applicant (**Participant**) the relevant number of Securities, subject to the terms and conditions set out in the invitation, the Plan rules and any ancillary documentation required.
7. **(Terms of Convertible Securities):** Each 'Convertible Security' represents a right to acquire one or more Shares (for example, under an option or performance right), subject to the terms and conditions of the Plan.

Prior to a Convertible Security being exercised a Participant does not have any interest (legal, equitable or otherwise) in any Share the subject of the Convertible Security by virtue of holding the Convertible Security. A Participant may not sell, assign, transfer, grant a security interest over or otherwise deal with a Convertible Security that has been granted to them. A Participant must not enter into any arrangement for the purpose of hedging their economic exposure to a Convertible Security that has been granted to them.

8. **(Vesting of Convertible Securities):** Any vesting conditions applicable to the grant of Convertible Securities will be described in the invitation. If all the vesting conditions are satisfied and/or otherwise waived by the Board, a vesting notice will be sent to the Participant by the Company informing them that the relevant Convertible Securities have vested. Unless and until the vesting notice is issued by the Company, the Convertible Securities will not be considered to have vested. For the avoidance of doubt, if the vesting conditions relevant to a Convertible Security are not satisfied and/or otherwise waived by the Board, that Convertible Security will lapse.
9. **(Exercise of Convertible Securities and cashless exercise):** To exercise a Convertible Security, the Participant must deliver a signed notice of exercise and, subject to a cashless exercise of Convertible Securities (see below), pay the exercise price (if any) to or as directed by the Company, at any time prior to the earlier of any date specified in the vesting notice and the expiry date as set out in the invitation.

At the time of exercise of the Convertible Securities, and subject to Board approval, the Participant may elect not to be required to provide payment of the exercise price for the number of Convertible Securities specified in a notice of exercise, but that on exercise of those Convertible Securities the Company will transfer or issue to the Participant that number of Shares equal in value to the positive difference between the Market Value of the Shares at the time of exercise and the exercise price that would otherwise be payable to exercise those Convertible Securities.

Market Value means, at any given date, the volume weighted average price per Share traded on the ASX over the 5 trading days immediately preceding that given date, unless otherwise specified in an invitation.

A Convertible Security may not be exercised unless and until that Convertible Security has vested in accordance with the Plan rules, or such earlier date as set out in the Plan rules.

10. **(Delivery of Shares on exercise of Convertible Securities):** As soon as practicable after the valid exercise of a Convertible Security by a Participant, the Company will issue or cause to be transferred to that Participant the number of Shares to which the Participant is

entitled under the Plan rules and issue a substitute certificate for any remaining unexercised Convertible Securities held by that Participant.

11. **(Forfeiture of Convertible Securities):** Where a Participant who holds Convertible Securities ceases to be an Eligible Participant or becomes insolvent, all unvested Convertible Securities will automatically be forfeited by the Participant, unless the Board otherwise determines in its discretion to permit some or all of the Convertible Securities to vest.

Where the Board determines that a Participant has acted fraudulently or dishonestly, or willfully breached his or her duties to the Group, the Board may in its discretion deem all unvested Convertible Securities held by that Participant to have been forfeited.

Unless the Board otherwise determines, or as otherwise set out in the Plan rules:

- (a) any Convertible Securities which have not yet vested will be forfeited immediately on the date that the Board determines (acting reasonably and in good faith) that any applicable vesting conditions have not been met or cannot be met by the relevant date; and
- (b) any Convertible Securities which have not yet vested will be automatically forfeited on the expiry date specified in the invitation.
12. **(Change of control):** If a change of control event occurs in relation to the Company, or the Board determines that such an event is likely to occur, the Board may in its discretion determine the manner in which any or all of the Participant's Convertible Securities will be dealt with, including, without limitation, in a manner that allows the Participant to participate in and/or benefit from any transaction arising from or in connection with the change of control event.
13. **(Rights attaching to Plan Shares):** All Shares issued under the Plan, or issued or transferred to a Participant upon the valid exercise of a Convertible Security, (Plan Shares) will rank pari passu in all respects with the Shares of the same class. A Participant will be entitled to any dividends declared and distributed by the Company on the Plan Shares and may participate in any dividend reinvestment plan operated by the Company in respect of Plan Shares. A Participant may exercise any voting rights attaching to Plan Shares.
14. **(Disposal restrictions on Securities):** If the invitation provides that any Plan Shares or Convertible Securities are subject to any restrictions as to the disposal or other dealing by a Participant for a period, the Board may implement any procedure it deems appropriate to ensure the compliance by the Participant with this restriction.
15. **(Adjustment of Convertible Securities):** If there is a reorganisation of the issued share capital of the Company (including any subdivision, consolidation, reduction, return or cancellation of such issued capital of the Company), the rights of each Participant holding Convertible Securities will be changed to the extent necessary to comply with the Listing Rules applicable to a reorganisation of capital at the time of the reorganisation.

If Shares are issued by the Company by way of bonus issue (other than an issue in lieu of dividends or by way of dividend reinvestment), the holder of Convertible Securities is entitled, upon exercise of the Convertible Securities, to receive an allotment of as many additional Shares as would have been issued to the holder if the holder held Shares equal in number to the Shares in respect of which the Convertible Securities are exercised.

Unless otherwise determined by the Board, a holder of Convertible Securities does not have the right to participate in a pro rata issue of Shares made by the Company or sell renounceable rights.

16. **(Participation in new issues):** There are no participation rights or entitlements inherent in the Convertible Securities and holders are not entitled to participate in any new issue of Shares of the Company during the currency of the Convertible Securities without exercising the Convertible Securities.
17. **(Amendment of Plan):** Subject to the following paragraph, the Board may at any time amend any provisions of the Plan rules, including (without limitation) the terms and conditions upon which any Securities have been granted under the Plan and determine

that any amendments to the Plan rules be given retrospective effect, immediate effect or future effect.

No amendment to any provision of the Plan rules may be made if the amendment materially reduces the rights of any Participant as they existed before the date of the amendment, other than an amendment introduced primarily for the purpose of complying with legislation or to correct manifest error or mistake, amongst other things, or is agreed to in writing by all Participants.

18. **(Plan duration)**: The Plan continues in operation until the Board decides to end it. The Board may from time to time suspend the operation of the Plan for a fixed period or indefinitely, and may end any suspension. If the Plan is terminated or suspended for any reason, that termination or suspension must not prejudice the accrued rights of the Participants.

If a Participant and the Company (acting by the Board) agree in writing that some or all of the Securities granted to that Participant are to be cancelled on a specified date or on the occurrence of a particular event, then those Securities may be cancelled in the manner agreed between the Company and the Participant.
